Section I: History/Mission/Vision

Fork Union Military Academy History

Public high schools did not exist in this area in the late 19th and early 20th centuries. In fact, in 1900, only 8% of all Americans aged 14-17 attended high school, and only 11% of those few students expected to attend college.

Seeing a need for a local college preparatory school, Dr. William E. Hatcher, a prominent Baptist minister, founded Fork Union Academy in October of 1898 with nineteen boys and girls in the first class. The military structure was added in 1902 to provide organization, discipline, and physical development for the young men of this rapidly growing school. In 1913, the school's name was changed to Fork Union Military Academy and the school became an all-male institution. This same year, the academy began receiving support from the Baptist General Association of Virginia, and this affiliation continues today.

At one time, there were hundreds of private military schools across the nation. Today, fewer than forty remain. Fork Union lives on as one of the largest and most successful military schools in the country because we have not changed our philosophy and guiding principles that have built academic success for generations of young men. We have held steadfast to our primary mission.

Mission Statement

Our mission is to educate, develop, and inspire young men in a college preparatory, Christian, military environment. Cadets build character and learn leadership, independence, confidence, responsibility, and discipline in a setting that encourages mental, physical, and spiritual growth.

Vision

Fork Union Military Academy’s vision is to be a national leader among independent boarding schools. Our faculty, facilities, and programs exemplify excellence, especially in the area of academic preparation for higher education. The school environment and culture will promote Christian values and cultivate strength of character, self-discipline, and critical thinking skills essential for lifelong learning, leadership, and service to others.
Section II: Core Values

Fork Union Military Academy is guided by five core values: Respect, Integrity, Faith, Character, and Discipline.

Respect

We respect ourselves, others, and the resources around us. We treat each other with fairness, dignity, and compassion. This creates trust, confidence, learning, and high performance. We value diversity and encourage individual opportunity, growth, and creativity. We are a team.

Integrity

Integrity is synonymous with truth and honesty. We mean what we say and say what we mean. When we make a promise, we do so in the presence of God. We always tell the truth and are people of our word.

Faith

Faith means to have complete trust. We acknowledge that God provides opportunities for us to have a positive impact on the world. We know we are on this Earth to serve Him. The world revolves around God; it does not revolve around any one of us. We focus on serving others.

Character

Reputation is defined by our character. We live lives guided by our conscience, and directed by respect, integrity, and Christian values. We demonstrate our character every day, and always strive to do what is right. We support others as they do the same. We reflect God.

Discipline

We create positive habits of thought, speech, and action through deliberate practice. We maintain high standards. Learning discipline allows us to improve, achieve our goals, cooperate with others, and thrive in adversity. Freedom comes through discipline.
Section III: Leadership

Fork Union Military Academy Leader Development Model

“We are what we repeatedly do. Excellence, then, is not an act, but a habit.” Aristotle

Our goal at Fork Union Military Academy is to develop bright young men who can lead with character. Leader and value development are at the core of everything we do. This is a continuous process of integrating core values and leadership skills into every Cadet interaction, “whether in the barracks, in the classroom, around the campus, or while engaged in athletics.” We are driven by purpose and called to lead.

Leadership Traits

The 14 leadership traits are qualities of thought and action which, if demonstrated in daily activities, help Cadets earn the respect, confidence, and loyal cooperation of other Cadets. It is extremely important that you understand the meaning of each leadership trait and how to develop it, so you know what goals to set as you work to become a good leader and a good follower.

JUSTICE

Definition: Justice is defined as the practice of being fair and consistent. A just person gives consideration to each side of a situation and bases rewards or punishments on merit.

Suggestions for Improvement: Be honest with yourself about why you make a particular decision. Avoid favoritism. Try to be fair at all times and treat all things and people in an equal manner.

JUDGMENT

Definition: Judgment is your ability to think about things clearly, calmly, and in an orderly fashion so that you can make good decisions.

Suggestions for Improvement: You can improve your judgment if you avoid making rash decisions. Approach problems with a commonsense attitude.

DEPENDABILITY

Definition: Dependability means that you can be relied upon to perform your duties properly. It means that you can be trusted to complete a job. It is the willing and voluntary support of the policies and orders of the chain of command. Dependability also means consistently putting forth your best effort in an attempt to achieve the highest standards of performance.
Suggestions for Improvement: You can increase your dependability by forming the habit of being where you're supposed to be on time, by not making excuses and by carrying out every task to the best of your ability regardless of whether you like it or agree with it.

INITIATIVE

Definition: Initiative is taking action even though you haven't been given orders. It means meeting new and unexpected situations with prompt action. It includes using resourcefulness to get something done without the normal material or methods being available to you.

Suggestions for Improvement: To improve your initiative, work on staying mentally and physically alert. Be aware of things that need to be done and then to do them without having to be told.

DECISIVENESS

Definition: Decisiveness means that you are able to make good decisions without delay. Get all the facts and weight them against each other. By acting calmly and quickly, you should arrive at a sound decision. You announce your decisions in a clear, firm, professional manner.

Suggestions for Improvement: Practice being positive in your actions instead of acting half-hearted or changing your mind on an issue.

TACT

Definition: Tact means that you can deal with people in a manner that will maintain good relations and avoid problems. It means that you are polite, calm, and firm.

Suggestions for Improvement: Begin to develop your tact by trying to be courteous and cheerful at all times. Treat others as you would like to be treated.

INTEGRITY

Definition: Integrity means that you are honest and truthful in what you say or do. You put honesty, sense of duty, and sound moral principles above all else.

Suggestions for Improvement: Be absolutely honest and truthful at all times. Stand up for what you believe to be right.

ENTHUSIASM

Definition: Enthusiasm is defined as a sincere interest and exuberance in the performance of your duties. If you are enthusiastic, you are optimistic, cheerful, and willing to accept the challenges.
Suggestions for Improvement: Understanding and belief in your mission will add to your enthusiasm for your job. Try to understand why even uninteresting jobs must be done.

BEARING

Definition: Bearing is the way you conduct and carry yourself. Your manner should reflect alertness, competence, confidence, and control.

Suggestions for Improvement: To develop bearing, you should hold yourself to the highest standards of personal conduct. Never be content with meeting only the minimum requirements.

UNSELFISHNESS

Definition: Unselfishness means that you avoid making yourself comfortable at the expense of others. Be considerate of others. Give credit to those who deserve it.

Suggestions for Improvement: Avoid using your position or rank for personal gain, safety, or pleasure at the expense of others. Be considerate of others.

COURAGE

Definition: Courage is what allows you to remain calm while recognizing fear. Moral courage means having the inner strength to stand up for what is right and to accept blame when something is your fault. Physical courage means that you can continue to function effectively when there is physical danger present.

Suggestions for Improvement: You can begin to control fear by practicing self-discipline and calmness. If you fear doing certain things required in your daily life, force yourself to do them until you can control your reaction.

KNOWLEDGE

Definition: Knowledge is the understanding of a science or art. Knowledge means that you have acquired information and that you understand people. Your knowledge should be broad, and in addition to knowing your job, you should know your unit's policies and keep up with current events.

Suggestions for Improvement: Increase your knowledge by remaining alert. Listen, observe, and find out about things you don't understand. Study field manuals and other military literature.

LOYALTY

Definition: Loyalty means that you are devoted to your country, FUMA, and to your seniors, peers, and subordinates. The motto of our Academy is Body, Mind, and Spirit. You owe unwavering loyalty up and down the chain of command, to seniors, subordinates, and peers.
Suggestions for Improvement: To improve your loyalty you should show your loyalty by never discussing the problems of Fork Union Military Academy or your Company with outsiders. Never talk about seniors unfavorably in front of your subordinates. Once a decision is made and the order is given to execute it, carry out that order willingly as if it were your own.

ENDURANCE

Definition: Endurance is the mental and physical stamina that is measured by your ability to withstand pain, fatigue, stress, and hardship. For example, enduring pain during a conditioning march in order to improve stamina is crucial in the development of leadership.

Suggestions for Improvement: Develop your endurance by engaging in physical training that will strengthen your body. Finish every task to the best of your ability by forcing yourself to continue when you are physically tired, and your mind is sluggish.

Because it is important to always be able to remember the basic leadership traits, the acronym "J.J. DID TIE BUCKLE" is used. Each letter in the acronym corresponds to the first letter of one of the traits. By remembering the acronym, you will be better able to recall the traits.

Leadership Principles

- Know yourself and seek self-improvement.
- Develop a sense of responsibility among your subordinates.
- Make sound and timely decisions.
- Set the example.
- Know your Cadets and look out for their welfare.
- Keep your Cadets informed.
- Seek responsibility and take responsibility for your actions.
- Ensure assigned tasks are understood, supervised, and accomplished.
- Train your Cadets as a team.
- Employ your command in accordance with its capabilities.
Core Values

Fork Union Military Academy acknowledges that the core values of respect, integrity, faith, character and discipline are based on unwavering absolutes. Leadership, by definition, is a moral proposition resulting in good. The question “Do objective moral values exist?” is answered each morning as Cadets treat others as they deserve to be treated.

Leadership

Leadership is a skill that can be learned. It is built upon core values, leader-essential skills such as conflict management, etiquette, and communication. In addition, FUMA-specific leadership roles (chain of command, Cadet officer and NCO responsibilities, and the conduct system) are necessary components.

Emotional and Mental Awareness

Proverbs 23:7 reads, “For as he thinketh in his heart, so is he…” Thoughts develop emotions producing behavior, both good and bad. Repeated behavior becomes habit. Leadership traits and principles are qualities found in leaders, they set a foundation, and enable Cadets to be proactive in their thought and emotional wellness. A Cadet who can lead himself, is better equipped to lead others.
Section IV: Chain of Command

COMMANDANT’S DEPARTMENT TASK ORGANIZATION CHART

AS OF 24 JUL 19
Section V: Principles of Cadet Governance

Body

A Fork Union Military Academy Cadet is easily recognizable as an individual whose outward appearance reflects his inward attitude. He understands that he represents the academy at all times. When travelling, he remains in full uniform and abides by all Cadet regulations.

Fork Union Cadets are physically active and eagerly pursue activities that serve to improve physical health. Many Cadets participate in competitive, interscholastic athletics. Those who do not will participate in regular organized physical training. Cadets participate in athletic endeavors with a positive attitude and are respectful of all other participants. Good sportsmanship is always displayed.

Cadets eat well-balanced meals, making sure to include choices from a variety of food groups and limit their intake of desserts. A Cadet conducts himself as a gentleman at all times. During meals, we respect the other members of the community present by conducting ourselves appropriately. Women are always treated with respect.

Article 1. Personal Hygiene

A Cadet takes pride in his personal hygiene, showing respect for others through thoughtful care of his person. Regular washing, teeth brushing, personal grooming, and use of appropriate hygiene products are the expectation. His uniform is properly maintained and worn well.

Hair will not be over 3 inches in length fully extended (an extended hair, not the style, determines proper length) on the upper portion of the head. The bulk

Hair, which protrudes from beneath properly worn headgear in an unsightly manner, is considered excessive, regardless of length. Hair styles will conform to the natural shape of the head without eccentric directional flow, twists or spiking. Parting of the hair must be natural, no cut, trimmed, or shaved hair parts. The following hair style types are considered eccentric and are not authorized (this list is not all inclusive): (1) hair styled to run as a strip down the center of the scalp (i.e. “Mohawk” fashion); and (2) hair styles that are asymmetrical (unbalanced or lopsided) or have etchings of letters, signs or figures, are not considered natural in appearance. Braiding of the hair is not authorized for Cadets. When used, hair gel/mousse should provide a conservative, natural appearance.

Mind

Fork Union Military Academy is a college preparatory school, and every activity a Cadet engages in should enhance his ability to be admitted to the college of his choosing. A Cadet should always make choices that are aligned with improving his mind. The food he eats, the friends he associates with, his attitude toward physical activity, his behavior, and his extracurricular activities should all serve to make his mind stronger.

A Cadet is expected to arrive to class on time and well prepared. His attitude both in and out of class should be enthusiastic and respectful and he should help to make the environment supportive of the personal growth of other Cadets. Given the nature of the One Subject Plan, it is essential to make productive use of the entire class day. To support that objective in class, a Cadet will conduct
himself appropriately at all times, raising his hand when he needs to ask a question, and working cooperatively with others when called upon to do so.

English-Only Language Policy

Background:

In order to meet the needs of the Academy’s international students in the acquisition and practice of the English language, an “English-only” policy was implemented years ago and was enforced through the demerit system. This policy is no longer practiced nor adequately communicated to parents, Cadets, or faculty.

Based on feedback from international Cadets and their parents, it is understood that learning and practicing the English language is a necessary component of the Fork Union military Academy experience. There is a consensus that an English-only policy should be reinstated. Resembling the United States Army immersion aspect of language acquisition, the proposed policy encourages the speaking of English in all athletic, academic, and social venues.

Policy:

Fork Union military Academy Cadets must converse in the English language, whether speaking with an English-speaking student or to fellow international Cadets. In order to provide greater opportunity to socialize and converse in English, international students will not be billeted with those speaking their native language. Violations may result in a category one infraction. Subsequent infractions may result in a “failure to comply” (category two), or a “refusal to comply” (category three). Exceptions to speaking English only are as follows:

1. When asked to interpret English to a fellow international student or visitor

2. During Mess II (when open seating is allowed) no more than three non-native English speakers of the same language backgrounds are permitted together at one table speaking their native language.

3. On weekends in the barracks when allowed to visit other Cadets.

4. When on the telephone/skype with family.

5. With permission of a member of the faculty, staff, or administration.
Conduct Performance Levels

Conduct Performance Levels are a way to evaluate and assess the progress of each Cadet in their endeavors to demonstrate and develop the Corps Values as outlined in the Cadet Regulations. Conduct Performance Levels are assigned at the end of each academic term, and an Annual Conduct Performance Level is awarded at the conclusion of the academic year. A Cadet’s Conduct Performance Level is determined by the number of demerits he receives in an academic term. His Annual Conduct Performance Level is determined by calculating the sum of demerits he receives during each term of the academic year. The Conduct Performance Levels are as follows:

<table>
<thead>
<tr>
<th>Term Conduct Performance Levels</th>
</tr>
</thead>
<tbody>
<tr>
<td>Conduct Level</td>
</tr>
<tr>
<td>Exemplary</td>
</tr>
<tr>
<td>Commendable</td>
</tr>
<tr>
<td>Satisfactory</td>
</tr>
<tr>
<td>Deficient</td>
</tr>
<tr>
<td>Unsatisfactory (probation)</td>
</tr>
</tbody>
</table>

</tr>
<tr>
<td>2</td>
</tr>
<tr>
<td>3</td>
</tr>
<tr>
<td>4</td>
</tr>
<tr>
<td>5</td>
</tr>
</tbody>
</table>

**Figure – 2**

There are multiple evaluations throughout the academic year. Conduct Performance levels are established at the end of each term (See Term Conduct Performance Level – Demerits Per Term – Figure 1 for upper and middle school), and the total amount of demerits received for the academic year will be calculated for all terms the Cadet attended throughout the academic school year (See Annual Conduct Performance Levels – Upper School – Figure 2, and Middle School Figure 3). At any time during a term a specific conduct level is reached, the Cadet maintains that level throughout that term (total demerits accrued per term).

If an Upper School Cadet receives 5 or less demerits in a term, he has an exemplary conduct level for that term. The levels then increase by an additional 5 demerits per Conduct Levels: Commendable, Satisfactory, Deficient, and Unsatisfactory performance levels. If a Middle School Cadet receives 10 or less demerits in a term, he has an exemplary conduct level for that term. The levels then increase by an additional 10 demerits per Conduct Levels: Commendable, Satisfactory, Deficient, and Unsatisfactory performance levels.

A Cadet’s performance level is maintained throughout that term. Each term a Cadet will start with zero demerits; only in reference to the Conduct Performance Level for the next term’s assessment. A Cadet is still responsible to conduct Extra Duty Tours for demerits received during the term (Extra Duty Tours do not start at zero each academic term).
A Cadet’s conduct performance level can change from term to term. If a Cadet receives 21 + demerits in a term, the Cadet will end the term with an unsatisfactory performance level. The performance level can change to exemplary, commendable, satisfactory, or deficient level for the following term, depending on the demerits accumulated by the end of the new term.

**Conduct Deficient** – A Cadet is placed in this category should his total demerits reach his limit for the term. The Cadet is authorized one weekend leave for subsequent terms until his Conduct Performance Level improves.

**Unsatisfactory Conduct** – A Cadet is placed in this category when his demerits reach his limit for the term. Some restrictions may apply as determined by the Commandant’s Office. A Cadet will be placed on conduct probation if he completes two (2) consecutive academic terms with an unsatisfactory conduct level.

**Conduct Probation** – Parents are formally notified in writing and provided a copy of the Terms of Probation. Cadets meet with the Commandant of Cadets and are briefed on the Terms of Probation. The following are the different levels of probationary statuses:
